

Printing Industry Financial Executives
A Core Service of Printing Industries of America

Printing Industry Financial Executives (PIFE), a core service of the Printing Industries of America, is dedicated to improving the profitability of printing firms through peer interaction and professional growth of financial officers and directors in the area of accounting practices, tax applications, and financial planning and management. Through PIFE's meetings, research, newsletters, and other information resources, PIFE provides a valuable contribution to advancing graphic communications. Membership is open to printing financial officers, directors, CFOs, and controllers whose primary responsibility is financial planning and management within a member company of Printing Industries of America. The PIFE section is led by an advisory council that identifies and assists designated staff with the delivery of programs and services to enhance the knowledge and skills of print financial executives.

Scope of PIFE Section Programs and Services

- Members-only Listserve, networking and problem solving via email
- Quarterly *PIFELines* HTML newsletter
- Personal subscription to *The Magazine*
- Complimentary copy of section-produced publications
- Other services and programs defined by and developed by the advisory council

Fees

Most activities of PIFE are core services of Printing Industries of America membership and no additional fee is required. Some activities such as meetings and conferences require a registration fee. All professionals in the financial arena are considered members of PIFE and must elect to "opt out" of receiving benefits such as the *PIFELines* newsletter, FLASH report and other alerts electronically. The active PIFEListserv, however requires submitting an "Opt in" email with all contact information such as name, company name and address, email, phone, fax, etc. to appropriate staff members in order to be enrolled. For more information please contact Diane Koch at 412-259-1803 or dkoch@printing.org.
