

November, 2011

Greetings!

The confidential bi-annual 2011 Compensation and Benefits Survey is now available!

Purchasing the Survey Report for your own use helps you benchmark one of the most important aspects to your business – having a stable, satisfied and well qualified workforce.

In addition, recapped results are used by PIM when communicating the industry's needs to state legislators, state education department, students and educators, state and local employment and economic development departments, and the public. We need accurate data to ensure educational opportunities for our youth, to protect the industry at the legislative level, and promote print to everyone!

If you participated in the survey you will receive the final report at a huge discount! Prices for this year's report are as follows.

Participant List Cost	Company Sales Volume
\$ 80	Under \$5 Million
\$160	\$5.1 - \$10 Million
\$265	\$10.1 - \$20 Million
\$365	Over \$20 Million
\$635	Non-Member

Non participants may also purchase the final product; members price \$635, non members \$875.

To order your copy, email Pat Barnum at pbarnum@pimn.org.
