

Heidelberg presents a FREE seminar:

10 Things Keeping Print CEOs up at Night

If You're a Printing Company Owner / President / Manager
Wondering How To Increase Profits In A Down Economy,
This Is The Best Two Hours You Can Possibly Spend.

In cooperation with The Printing Industry of Minnesota

In a fast-paced question and answer format, Heidelberg experts will present the answers to questions like:

How can I actually reduce makeready times, saving labor and material costs, with my existing equipment?

I think I'm making money, but how do I truly find my actual production costs for specific customers?

How do I go about getting this "G7 certification" my clients are asking me about?

This seminar, for printing company top management, will be held at the **PIM Headquarters** at 1700 Highway 36 W, Suite 510, Roseville, MN 55113 on **Monday, June 29th from 10:00 AM - Noon.**

In addition to the answers to these and other related questions, one attendee will walk away with **Prinect Quality Monitor** software, a **\$2,100 value!**

Information you can use to propel your company to profits when all others are struggling.
